

Reedy Creek track upgrades

Chiltern Mount Pilot National Park

April 2025

Upgraded tracks now open for use

Parks Victoria contractors have now completed the upgrade works to five access tracks into popular visitor sites along Reedy Creek in Chiltern Mount Pilot National Park.

These tracks are now open for use, just in time for school holidays and Easter.

The contractors have completed the track grading and hazardous tree works have been completed and new park signage installed.

Visitors will notice that while these 5 tracks have been upgraded, several tracks will remain closed and will be rehabilitated. These tracks have signage in place asking visitors not to use these tracks but to use the new upgraded tracks to access Reedy Creek.

For information on the locations of the upgraded tracks and tracks remaining closed, please refer to the map.

Parks Victoria thanks the local community and park visitors for their patience while these works were conducted.

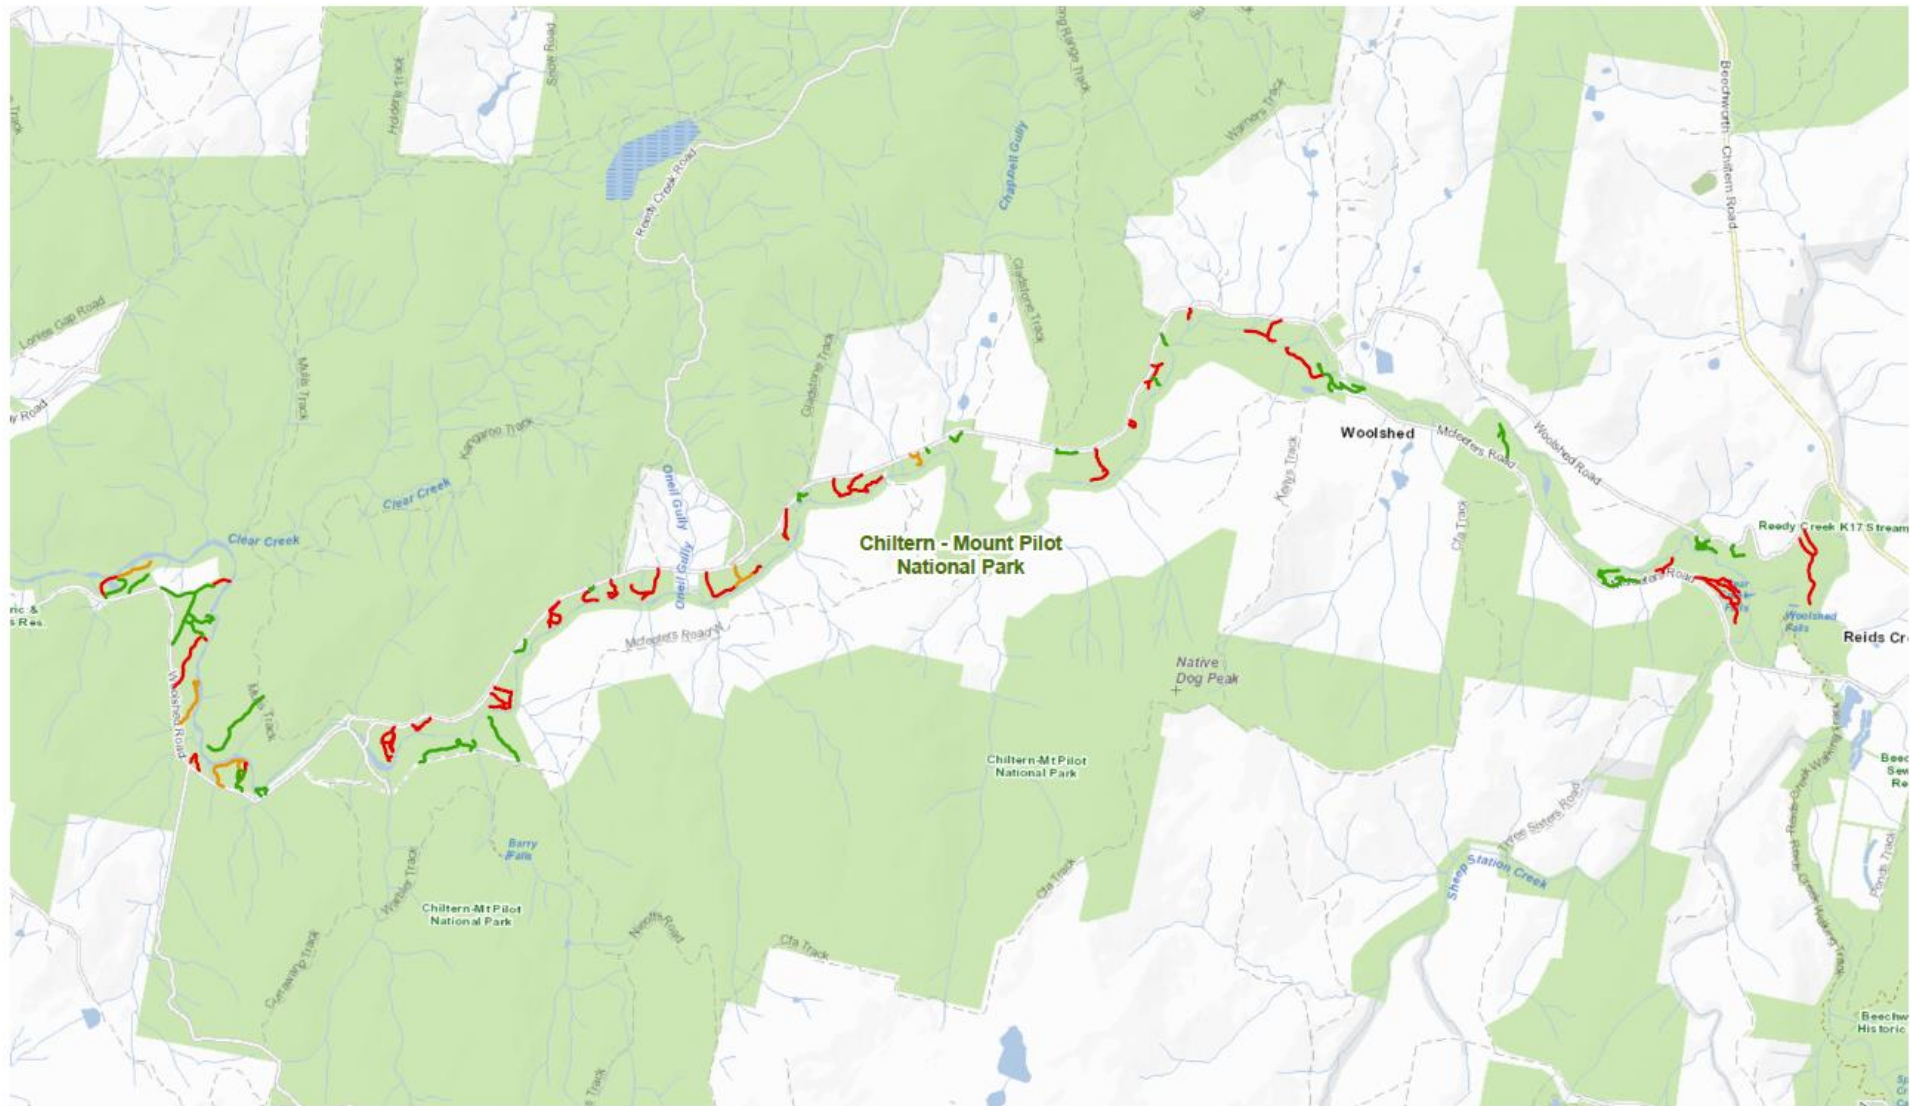

For further enquiries about this work, please contact info@parks.vic.gov.au or 13 19 63.
